What Makes Home?

Home is made by the family. Without the love which comes with children there may be a house but never a home, in the best meaning of the word. Many a house which was only four walls and a roof has been made a home by the agency of Dr. Pierce's Favorite Prescription. Nature sets her face against childlessness and "Favorite Prescription" works with nature to remove the obstacles to maternity.

"I had been a sufferer from uterine trouble for about three years, having two miscarriages in that time and the doctors that I consulted said I would have to go through an operation before I could give birth to children," writes Mrs. Blanche E. Evans, of Parsons, Lumberton Co., Pa. "When about to give up in despair, I bought a bottle of Dr. Pierce's Favorite Prescription and after taking four and a half bottles I gave birth to a bright baby girl who is now four months old and has not had a day of sickness. She is as bright as can be. I cannot say too much in praise of Dr. Pierce's Favorite Prescription."

Dr. Pierce's Medical Adviser a work for every woman is sent free on receipt of stamps to pay cost of mailing only. Send 21 one-cent stamps for paper covered book or 31 stamps for cloth covered to Dr. R. V. Pierce, Buffalo, N. Y.

THE CONVENTION.

The Constitutional Convention was in session just half an hour yesterday. A number of important resolutions were presented and referred to the committee, but the committee are so deluged with resolutions, all bearing in a different way on the same subject, that it will take them weeks to consider what they already have in hand. There is a strong public demand that the convention shall hasten its work and complete it by September, so that the constitution may be submitted for ratification at the November election. Perhaps the most important measure yesterday was presented by Mr. Lindsey, who offered an amendment to the constitution providing for three railroad commissioners.

Mr. Ayers presented a measure instructing that the General Assembly shall provide for the levy of a tax upon the value of the time and place of severance from the land, less cost of production, of all products of the forests, mines, quarries, oil wells, salt wells, gas wells, mineral springs, potteries, brickworks, tile works and all other products emanating from land except agricultural products, but the rate of taxation shall not exceed the rate assessed upon other personal property. The only committee to report was that on finance and taxation. It recommended the passage of a resolution calling on the auditor of public accounts to furnish the convention with certain statistics in regard to the taxes paid, and it was agreed to.

President Goode presented two memorials—one from L. St. Pierre, of Mattocks, Amelia county, in which he urges that some provision be put in the constitution looking to the enforcement of Sunday laws; the other was from C. B. Kite, of Washington, in relation to the public school system. The committee on bill of rights, with one dissenting vote, last night decided to recommend that the word "Christian" be stricken from the bill of rights where it provides that all citizens exercise toward each other Christian forbearance. This action was taken in deference to the feelings of those of Jewish faith.

The legislative committee of the constitutional convention has set tonight at 8 o'clock for the consideration of the resolution providing for compulsory arbitration.

Mr. Moore offered an ordinance prohibiting the taxing of State, city or county bonds.

Other resolutions introduced were: Prohibiting insurance companies from incorporating into policies what is known as the three-quarter clause.

Providing for juries of not more than eight nor less than five in the trial of misdemeanors and civil suits.

The judiciary committee decided to make a most thorough investigation into the judicial systems of other States and to thoroughly examine the Virginia system with a view to making a report that will show where all changes are necessary.

DOWIE DISCIPLES MOBBED. Another crowd of Dowie's disciples were mobbed at Evanston, near Chicago, last night. Twenty-eight women and seventy-two men, deaconesses and elders, went to Evanston to hold a meeting. They were accompanied and guarded by 100 Zou Guards. Elder W. H. Piper was at the head of the crowd, and when the procession had reached Davis street and started the meeting they were surrounded by a mob of 1,500 persons.

Shortly after Elder Piper got on a camp stool to talk. He had barely started his speech when eggs, decayed fruit, stones, clubs, and debris of all kinds were hurled at him and his followers. In a short time the Dowieites and the crowd became so demonstrative that Mayor Patten ordered out the fire department. A four-inch hose was attached to a fire plug and the water turned on.

The stream was directed among the followers of the Christian Catholic Church. It was a powerful bolt of water that struck among them. Women were knocked down and were quickly followed by the men, who were unable to stand before the deluge of water poured upon them.

The water almost created a panic among the crowd surrounding the Dowieites. Many were drenched, and, being unable to retreat because of the denseness of the crowd, they were thrown down and trampled upon. During the time the water was thrown into the crowd the Dowieites raised their voices in song and continued singing until the water was shut off.

The 100 guards, during the flood of water, held their positions around their charge. They faced the mob, which, after the water was shut off, surged toward them, still hurling missiles through the air. At this juncture Mayor Patten, Chief of Police Knight, and twelve officers marched toward the dripping throng of Dowieites.

It never fails to cure the worst forms of stomach trouble.

As they approached the guards formed in a stronger line. The free and he club soon made them see the way and the police seized Piper, who had again mounted his camp stool. He was dragged from the crowd to the station, followed by several Dowieites.

As the squad of police, with their prisoners, walked down the street toward the police station, a block away, a portion of the mob threw stagnant water upon Piper and three of his lieutenants by means of squirt guns. The men were also struck by acids which burned their clothing.

During this time many eggs struck Piper and having been drenched with water he was in a deplorable condition. At last the station was reached. A number of other Dowieites were also arrested. Piper was charged with disorderly conduct and inciting a riot. It is probable that the others will be released.

The Best Remedy for Stomach and Bowel Troubles. "I have been in the drug business for twenty years and have sold most of all the proprietary medicines of any kind. Among the entire lot I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers for their entire satisfaction. It affords a quick and sure cure in a pleasant form. No family should be without it. I keep it in my house at all times." For sale by Richard Gibson.

It has been fully demonstrated that Ely's Cream Balm is a specific for Nasal Catarrh and cold in the head. This distinction has been achieved only as the result of continued successful use. A morbid condition of the membrane in the nasal passages can be cured by this purifying and healing treatment. Sold by druggists or it will be mailed for 50 cents by Ely Brothers, 56 Warren Street, New York. It spreads over the membrane, is absorbed and relief is immediate.

You can never cure dyspepsia by dieting. What your body needs is plenty of good food properly digested. Then if your stomach will not digest it, Kodol Dyspepsia Cure will. It contains all the natural digestants hence must digest every class of food and so prepare it that nature can use it in nourishing the body and replacing the wasted tissues, thus giving life, health, strength, ambition, pure blood and good healthy appetite.
